

## Adviser Q&A

### Morgan DeFoor

First Year Adviser  
Southside HS

**Q: What do you like best about advising?**

**A:** "The positive effect advising has had on my students has been heartwarming."

### Joseph Platt

Second Year Adviser  
East Central & Cast Lead HS

**Q: What skills have you acquired from being an advisor?**

**A:** "The most important skill I've acquired is event planning. I've worked on a lot of events before, but planning was never something I was good at until now."

## Upcoming Events

## Advisers Making a Difference in Our Community

AdviseTX at Texas A&M University-San Antonio started in the Fall of 2022 and places recent college graduates in underserved high schools in the San Antonio area. The goal of this program is to guide and advise low-income, first-generation students to explore their post-secondary options upon graduation. With all of the first year advisers returning to serve a second year, each adviser made goals of their own to accomplish by the end of their term.

As Mr. Perez, Adviser at IDEA Monterrey Park and Ewing Halsell said, "Helping students in our community overcome obstacles and achieve their college dreams is incredibly rewarding."

Advisers had  
900  
one-on-one  
meetings in  
February.

8 Advisers  
serving 14  
high schools.

Advisers have  
met with 1,400  
students
