

Texas A&M University-San Antonio
Report on Hazing
Time Period Covered: September 2016-September 2019

To report an act of hazing to the Office of the Dean of Students, visit <http://bit.ly/FileAReport>.

The Texas Education Code states that a person can commit a hazing offense not only by engaging in a hazing activity, but also by soliciting, directing, encouraging, aiding or attempting to aid another in hazing; by intentionally, knowingly or recklessly allowing hazing to occur; or by failing to report, in writing to the Dean of Students or another appropriate official of the institution, first-hand knowledge that a hazing incident is planned or has occurred. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing.

Under this law, individuals or organizations engaging in hazing could be subject to fines up to \$10,000 and charged with a criminal offense punishable by jail terms up to two years.

In an effort to encourage reporting of hazing incidents, the law grants immunity from civil or criminal liability to any person who reports a specific hazing event in good faith and without malice to the Dean of Students or other appropriate official of the institution and immunizes that person from participation in any judicial proceeding resulting from liability that might otherwise be incurred or imposed as a result of the report.

This law does not affect or limit the right of the university to enforce its own rules against hazing.

HAZING DEFINED

The University and the Texas Education Code define hazing as “any intentional, knowing, or reckless act occurring on or off the campus of an educational institution by one person or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization.” Hazing includes but is not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activities;
2. Any type of physical activity that subjects the individual to risk or harm or that adversely affects the mental or physical health or safety of an individual, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, etc.;
3. Any activity involving the large and/or unreasonable consumption of food, liquid, alcoholic beverages, drugs, or other substance which subjects the individual to risk of harm or which adversely affects the mental or physical health or safety of the person;
4. Any activity that intimidates or threatens the person with ostracism, subjects the individual to mental stress, shame, or humiliation, or adversely affects the mental health or dignity of the individual;
5. Any activity that induces or requires the student to perform a duty or task which involves a violation of the Penal Code

UNIVERSITY POLICIES ON HAZING

The state law on hazing does not affect or in any way limit the right of the university to enforce its own rules against hazing. The University will take disciplinary action for conduct that constitutes hazing. Organizations and individuals will be held accountable and can face sanctions.

The disciplinary sanctions assigned/determined in a particular case will depend on several factors including the nature of the conduct involved, circumstances and conditions that existed at the time, and community impact of the conduct exhibited. Possible sanctions include but are not limited to Warning, Conduct Review, Conduct Probation, Suspension, Expulsion, and/or Loss of Recognition.

Note: For details on possible sanctions please refer to the Student Code of Conduct and/or Student Organization Conduct Process.

AMNESTY FOR STUDENTS REPORTING HAZING:

Students who, in a good faith effort, report to the institution being a victim of, or witness to, an incident of hazing may be provided amnesty regarding other potential conduct violations, including, but not limited to, underage alcohol consumption and use of illegal drugs. Amnesty does not apply to a student who reports their own commission of hazing.
