# **COMMITTEE OVERVIEW**

The SFAC met four times to determine the recommendations for Fiscal Year 2024 (FY24) presented in this report. The first meeting was held January 28, 2023 to orient the student members on the Texas Education Codes and provide them with a budget overview. The overview consisted of the institutional budget, the budget development process and the budgets for the Intercollegiate Athletic Fee, Recreational Sports Fee and Student Service Fee were explained. The committee reviewed the length of terms for all members (one year or two year) and selected Kirstan Garcia as the chair of the committee. The SFAC met February 3, 2023 and February 10, 2023 to hear budget presentations from Athletics, Recreational Sports and various departments within the Division of Student Success and Engagement (SSE) whom are currently funded by student fees. On February 17, 2023 the SFAC met to make their final recommendations presented in this report.

<sup>\*</sup>Appendix A- Breakdown by object code funding as submitted by departments for FY24 Request

# **ONE-TIME STUDENT SERVICE FEE FUNDING REQUEST**

For FY24 the committee did not recommend any one-time request or leave any funds unappropriated from Student Service Fees.

<sup>\*\*</sup>Appendix B- Breakdown by object code funding as recommended by SFAC for FY24

#### SFAC RECOMMENDATIONS

All department currently funded or seeking to be funded by any of the Student Fees (Athletics, Recreational Sports and Student Service) were asked to submit a budget proposal and narrative outlining the proposed used of funds. The narratives required each department to provide a description on how all funding would assist within the program, services and activities will involve students, support the university's strategic plan and impact retention and/or graduation. Budget proposals and narratives were submitted to department supervisors and then to the Vice President of Student Success & Engagement prior to being finalized and presented to the SFAC. The committee carefully considered each funding request for FY24.

#### **ATHLETIC FEE**

Committee accepted all request as presented by Darnell Smith, Athletic Director. Accepted request included allocating the projected increase of revenue, to the sum of \$41,507, to be added to Operations to assist with the increase cost associated with supplies and services.

#### **RECREATIONAL SPORTS FEE**

Committee accepted all request as presented by Art Olague, Director of Recreational Sports. In addition to reallocating funds within the budget, the committee approved allocating the projected increase of revenue, to the sum of \$27,902 to be added to Salaries to assist with wage compression and converting a part-time position into full-time. Reallocated funds for FY24 were as follows:

Salaries: \$28,133
Wages: \$44,653
Benefits: \$13,665
Operations: -\$20,000
Other: -\$38,549

#### STUDENT SERVICE FEE

After reviewing all request and listening to all presentations, the FY24 request totaled \$2,167,438. The request exceeded the projected budget by \$229,438 (as depicted in Appendix A). After a lengthy discussion, the committee reduced and reallocated budget request to recommend the following changes to the FY24 budgets, thus reducing it by the exceeded requested amount(as depicted in Appendix B).

- Vice President of Student Success & Engagement: Increased budget by \$40,000 in Other. Increase would to provide required \$19,000 in Merit Pool and \$21,000 in Compensation Study funds to increases salary and related longevity and benefits.
- Student Life: A total decrease in budget by \$27,000. Decrease would reduce requested Travel funds by \$1,000 and requested Operations funds by \$26,018. Operations decrease would specifically decrease funds earmarked for Leadershape programing.

- Career Services: A total decrease in budget by \$58,420. Decrease would eliminate \$46,000 in Salary funds and \$12,420 in Benefits funds required for moving Career Advisor (PO00033) into SSF funding.
- Student Counseling Center: A total decrease requested funds for \$18,000 in Operations.
   Requested funds would have allowed extending the contract and continuing to offer ProtoCall 24/7 services to students. Service was previously HEERF funded. However, given that it is an A&M System initiative Dr. Mari committed to find alternative funding to cover expense.
- Disability Support Services: Increased budget by \$36 in Longevity. Increase would to provide required funding for longevity pay due to employee whose compensation is partially paid from account.
- Student Government Association: A total decrease in budget by \$5,000. Decrease would reduce
  Operations by \$2,000 and Scholarships by \$3,000. Recommendation would allow the partial
  funding of request to provide scholarships to high preforming senators and officers in hopes of
  retaining members.
- Campus Activity Board: A total decrease in budget by \$12,500. Decrease would reduce Travel by \$2,500 and Operations by \$10,000.
- VA Certification: A total increase in budget of \$3,894. After a decrease of \$240 in Longevity, and an increase of \$3,123 in Salaries and \$1,002 in Benefits. Increases would provide continual funding for Administrative Associate (P-82630) whom was provided a "living wage" increase as part of the first phase of the Compensation study not linked to the VP SSE request.
- Student Leadership: A total decrease in budget of \$95,500. Decrease would reduce Salaries by \$65,000 and Benefits by \$19,500, Travel by \$10,000, and Operations by \$10,000. The decrease would eliminate funding of Salaries, Benefits and Travel funds for proposed Director of Student Leadership position. Operations decrease would specifically decrease funds earmarked for Presidents Leadership Class programing.
- Alcohol & Other Drugs: A total decrease in budget of \$10,000. Decrease would eliminate requested Wages funds by \$10,000.
- Cisneros Institute: A total decrease in budget of \$3,000. Decrease would eliminate all requested Travel funds.

No recommended changes were made to the following budget request Dean of Students, Students Rights and Responsibilities, Student Engagement, SSE Communications, Family Engagement, Transfer Engagement

Final recommendations are the result of a majority vote and reflects the committee's commitment to keep the best interest of Texas A&M University- San Antonio students at the forefront.
